THE SCORECARD

Print & Fold Guide | AcceptableOfferings.com

1. Download	Open The_Scorecard_APPROVED_Print_2_Per_Sheet.pdf.
2. Print	Use US Letter (8.5 x 11 in.), portrait, two-sided, flip on LONG EDGE, 100% / Actual Size.
3. Check	The PDF has two pages. Print both. Each side should show two sets of the artwork.
4. Trim	Cut away the 0.75-inch white side margins at the vertical crop lines.
5. Separate	Cut across the horizontal center line, making two 7 x 5.5-inch unfolded tracts.
6. Fold	Fold each tract vertically in half so the front cover is outside, with the back cover behind it.

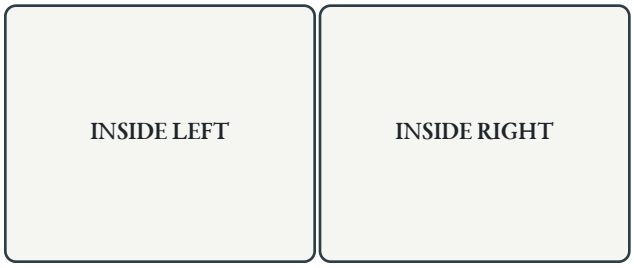

How the two-page PDF is arranged

PDF PAGE 1 - OUTSIDE

Repeat this row twice per page.

PDF PAGE 2 - INSIDE

Repeat this row twice per page.

Important printer note

Because two exact-size tracts use the full 11-inch sheet height, some printers may clip the extreme top or bottom edge. The design includes white safety margins. Make one test copy. If your printer clips text or borders, use Fit to Printable Area, although the finished tract will be slightly smaller.
